A viral protein inhibits the long range signaling activity of the gene silencing signal

HS Guo, SW Ding - The EMBO Journal, 2002 - nature.com

... A viral protein inhibits the long range signaling activity of the gene silencing signal. ... full-length GFP coding sequence was used for mRNA analysis (top), whereas 32 P-labeled RNA transcripts corresponding to the minus-strand GFP mRNA were used for the detection of sRNAs ...

[HTML] An anti-apoptotic viral protein that recruits Bax to mitochondria

D Poncet, N Lanchette, AL Pasteur, P Boya, ... - Journal of Biological Chemistry, 2004 - ASBMB

An Anti-apoptotic Viral Protein That Recruits Bax to Mitochondria. ... Cells were then stained for the detection of cytochrome c (monoclonal antibody 6H2 B4 from Pharmingen) and the c-Myc epitope of tagged vMIA (monoclonal antibody 9E10, Santa Cruz Biotechnology). ...

A viral protein suppresses RNA silencing and binds silencing-generated, 21- to 25-nucleotide double-stranded RNAs

D Silhavy, A Molnár, A Lucifora, G Szitnya, C Hornyik, ... - The EMBO journal, 2002 - nature.com

... A viral protein suppresses RNA silencing and binds silencing-generated, 21- to 25-nucleotide double-stranded RNAs. ... Visual detection of GFP fluorescence was performed using a 100 W, hand-held, long-wave ultraviolet (UV) lamp (Black Ray model B 100AP; UV products ...

[HTML] The HIV-1 viral protein R induces apoptosis via a direct effect on the mitochondrial permeability transition pore

E Joojool, L Ravagnan, M Loeffler, KP Fern, ... - The Journal of cell biochemistry, 2000 - jbm.rupress.org

... COS cells were transfected with pcDNA3.1 vector only or with pcDNA-FLAG-Vpr expression vector, followed by immunofluorescence detection (mouse mAb M2 anti ... To our knowledge, Vpr from HIV-1 constitutes the first example of an apoptogenic viral protein acting on the PTPC ...

[HTML] Control of mitochondrial membrane permeabilization by adenine nucleotide translocator interacting with HIV-1 viral protein R and Bcl-2

E Joojool, KP Fern, C El Hamel, C Brenner, ... - The Journal of cell biochemistry, 2001 - jbm.rupress.org

... The HIV-1 viral protein of regulation, viral protein R (Vpr), is abundant in virions (12)(13)(14) and is detectable in ... Cytofluorometric (FACS Vantage™; Becton Dickinson) detection was restricted to mitochondria by gating on the forward scatter (FSC)/side scatter (SSC) parameters ...

Enteroviral capsid protein VP1 is present in myocardial tissues from some patients with myocarditis or dilated cardiomyopathy

Y Li, T Bourlet, L Andreotti, JF Moenier, T Peng, Y, ... - Circulation, 2000 - Am Heart Assoc

... myocarditis or DCM cases. The pattern of VP1 detection may correlate with disease stage and severity. The data suggest that viral protein synthesis may be involved in persistent enterovirus infection in the pathogenesis of DCM. ...

Detection of the human immunodeficiency virus regulatory protein tat in CNS tissues

L Hudson, J Liu, A Nath, M Jones, R, ... - Journal of clinical microbiology, 2000 - informahealthcare.com

... Detection of the human immunodeficiency virus ... i HIV-1 tat is a non-structural viral protein, secreted extracellularly by infected cells (Frankel and Pabo, 1988; Ensoli et al., 1990, 1993; Chang et al., 1997), which is a potent stimulator of HIV-1 transcription and therefore viral ...

Detection of Epstein-Barr virus in invasive breast cancers

... E Benhanou, G Connesso, T Jobb - JNCI Journal of the National Cancer Institute, 1999 - jnci.oxfordjournals.org

... In the studies reported here, we show that EBV is present in breast cancer from results obtained with PCR, Southern blot analysis, and immunohistochemical detection of the viral protein Epstein-Barr nuclear antigen 1 (EBNA-1). This protein is essential for the maintenance of ...

Suppression of post-transcriptional gene silencing by a plant viral protein localized in the nucleus

AP Luvy, HS Guo, WX Li, SW Ding - The EMBO Journal, 2000 - nature.com

... Suppression of post-transcriptional gene silencing by a plant viral protein localized in the nucleus. ... inoculation of silenced N.benhamiana with a PVX construct expressing 2bQ resulted in a pattern of suppression (as shown by green fluorescence and Northern detection of the ...
